1er Novombrel, Boumerdes, Algeria

Béchar, Algeria

## WORKING EXPERIENCE

### Data Scientist intern

#### Schlumberger

August 2022

Hassi Messaoud

- the duration of the training was almost 2 months, I discovered a new technology called Dataiku used in Data science
- after this training i could be certified dataiku

### Data Analyst-Rig State

#### Sonatrach

Mai 2021

Remote Work

- the goal of this project is to build a machine learning model that can classify the operations of rig state while drilling a well (classification problem)
- the accuracy was 0.97

### Data Analyst- ROP

#### Sonatrach

Oct-2021

Algiers, Algeria

- the goal of this project is to build a machine learning model that can predict the rate of penetration while drilling a well (regression problem)
- the accuracy was 0.96

### Writing (about deep learning and machine learning)

#### LinkedIn

Work Under Progress

- I am writing a book that talks about DL/ML

## PRESENTATION

interested in machine learning and data science, I constantly read books and research articles, and take online courses to deepen my knowledge in this field

## STRENGTHS

Python Sklearn Data Wrangling

EDA Data Analysis

Data Visualization

Creative Writing Debating

Online Research

## LANGUAGES

Arabic ●●●●●

English ●●●●●

French ●●●●●

## EDUCATION

### Control Automatic

UMBB-Faculty of hydrocabons and chemistry

### Machine Learning

andrew ng-Coursera

Feb 2020
